PROFILE SUMMARY

Experienced App Developer with a B.Sc. in Computer Science & Engineering, proficient in Dart, Java, Kotlin, Clean Architecture, GetX/MVVM/MV, RESTful APIs, and Firebase; skilled in integrating payment gateways, maps, push notifications, and building high-quality, scalable, user-friendly mobile applications, seeking to leverage expertise in a challenging Flutter development role.

PROFESSIONAL EXPERIENCE

09/2025 - PRESENT **AAMRA INFOTAINMENT LTD. | (*APP DEVELOPER)***

- Developed mobile apps using Clean Architecture and GetX for state management.
- Integrated payment gateways, map services, and push notifications.
- Collaborated with backend teams to consume RESTful APIs.

01/2025 - 08/2025 **SPARKTECH | (*FLUTTER DEVELOPER)***

- Designed and implemented scalable Flutter apps using Clean Architecture & GetX.
- Worked on real-time features, map integration, and payment gateways.
- Delivered high-performance apps with smooth UI/UX experiences.

KEY PROJECTS

PIZZA HUT APP BANGLADESH – FLUTTER, GETX, MVC, REST API, MAP INTEGRATION
[HTTPS://PLAY.GOOGLE.COM/STORE/APPS/DETAILS?ID=COM.SAM.PH_MOB_APP_BD&PCAMPAIGNID=WEB_SHARE]

- Developed and maintained scalable UI components and core features using Flutter.
- Integrated payment gateways and map-based location services for seamless ordering.
- Implemented delivery and takeaway modes with dynamic menus based on user location.

KFC APP BANGLADESH – FLUTTER, GETX, MVVM, REST API, MAP INTEGRATION, PUSH NOTIFICATION
[HTTPS://PLAY.GOOGLE.COM/STORE/APPS/DETAILS?ID=COM.AAMRA.KFC.BD.KFC_BD&PCAMPAIGNID=WEB_SHARE]

- Enhanced user experience for ordering, order tracking, and payments.
- Integrated map services for accurate store discovery and delivery tracking.
- Improved performance and maintainability using structured state management.

PIANOFESTA – FLUTTER, STATE MANAGEMENT, SOCKET, MAP, REST API
[HTTPS://PLAY.GOOGLE.COM/STORE/APPS/DETAILS?ID=IT.PIANOFESTA.APP&PCAMPAIGNID=WEB_SHARE]

- Developed a community-based event platform supporting users and organizers.
- Implemented real-time features using socket communication.
- Integrated analytics, maps, and role-based access for enhanced event management.

TECHNICAL SKILLS

10/2024 - 01/2025 **MASTERING FLUTTER FOR MOBILE APPS DEVELOPMENT (BITM)**
https://drive.google.com/file/d/13Qtd9ltUnckILmd7aDEGnXJOUYT0nFGt/view?usp=sharing

2023 **21ST CENTURY EMPLOYABILITY SKILLING PROGRAM - ADVANCED**
https://drive.google.com/file/d/15Wmyj7RhU9X2T0iv5mLezWZ8KhlxjDJV/view?usp=sharing

2022 **CTO FORUM INNOVATION HACKATHON 2022**
https://drive.google.com/file/d/1MOf8dO6ODzjoO0g4RDBj6EnnKRcoqRWy/view?usp=sharing

EDUCATION

2019 - 2024 **BACHELOR OF SCIENCE IN COMPUTER SCIENCE & ENGINEERING**
American International University - Bangladesh | ***CGPA 3.65 out of CGPA 4.00***

2016 - 2018 **HIGHER SECONDARY CERTIFICATE (H.S.C)**
Dhaka Imperial College | Science

2016 - 2018 **SECONDARY SCHOOL CERTIFICATE (S.S.C)**
Shamsul Hoque Khan School & College | Science

LANGUAGE

- Bangla — Native Speaking, Listening, Reading & Writing Capability
- English — Fluent Speaking, Listening, Reading & Writing Capability
